

## Critical Volunteer Needs at Band Camp

Please check off what area(s) you can help with!!!!

**PROP BUILDING:**

This committee constructs props that have been approved by the band directors and designed by the prop design committee. This committee works 1-2 days a week (evenings) during the summer months so that props can be completed by the beginning of the competition season. Skill levels vary and may include construction, painting, sewing, etc. All are welcome and we are willing teachers.

**TEAM CAPTAINS**

Team captains act as the liaison between the fundraiser chairperson and small teams of band parents. Teams are typically comprised of 10 to 15 band parents. Duties of the team captain may be to pass information along to their team; distribute fundraiser information; collect, collate, and sub-total the team's fundraisers, and pass the collected fundraiser information back to the fundraising chairperson.

**ICE CREAM SOCIAL:**

Sign up at mini band camp. Approximately six volunteers are needed for the ice cream social which is held during band camp in August. Volunteers are needed to coordinate purchasing the ice cream in advance of the ice cream social and to dish and serve the ice cream and toppings for the kids.

**UNIFORM COMMITTEE:**

This committee helps to fit uniforms to students. Each year the students need adjustment to their uniforms or need new uniforms fitted due to growth. Volunteers are especially needed during band camp to size the students and then make alterations. If you do not sew, we can still use your help to mark uniforms for the people making the alteration. The alterations involve hand sewing pant hems as well as sleeve hems, replacing buttons, etc. Throughout the season, we need volunteers in the uniform closet to help pass out uniforms, make emergency repairs, collect uniforms at the end of the night, be sure uniforms are hung properly by the students, and help get uniforms ready to go to the cleaners.

**SEWING COMMITTEE:**

This committee helps the uniform committee with altering and repairing uniforms as needed in addition to alterations for color guard uniforms. Sewing may extend to sewing for guard flags and altering/repairing color guard dress. The sewing committee has been known to work on props used in the show as well when needed.

**BAND CAMP PICNIC:**

Each year during band camp there is an end of band camp celebratory picnic for the kids. A group of volunteers is needed to help put the picnic together; this may include buying hotdogs, hamburgers, buns, etc... Desserts and snacks are needed. Volunteers are needed to help cook and serve the kids.
